

Rules

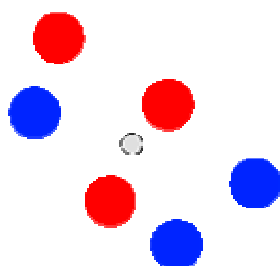

The rules of Barefoot Bowls are simple, opposed to the competition side of lawn bowls.

- All bowls must remain within the boundary of your rink, or are removed to the bank.
- A bowl that goes into the ditch without touching the jack (white ball) is removed to the bank.
- All other bowls count.
- Sides bowl alternately in a singles game or as a team.
- Points are scored on the number of bowls from the same side that are nearest the jack.

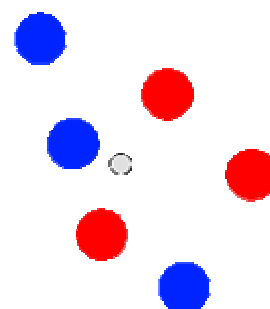

Examples

3 to blue

2 to red

1 to blue

You determine the layout of the game to suit your day, for example:

- First to a set score.
- Number of ends you play.
- Number of players per side (maximum four).
- Play to a *Bell Time*, or just until you require a break/rest/drink - it's your call.

Most importantly ...have fun!!
