Thank you for your support at the General Meeting held last Sunday 17th February. If the club is to survive and thrive it requires a commitment of energy and time from its members and supporters. In the short term the club is still at risk and requires an immediate cash injection to buffer it from the ongoing costs. We also need to prepare now for the mid and long term. Contributing can be very rewarding and there are many ways to be part of the PBC.

Please read carefully and ask yourself if you can contribute in any way, whether it is to help raise capital, or give your expertise to specific tasks around the club (see Volunteer Register) We all lead busy lives, but by donating your time, your expertise or financially, you will be helping out with the long-term viability of the very special community success story of the PBC.

Read the following list and if you would like to become a member or feel you can contribute in please contact the Director or Member of staff responsible for the committee. We urgently need people to join the **fundraising committee** (a lot of fun) and people with marketing or business skills to assist with the **Sponsorship Committee**. We have listed the people at the meeting and others who have already pledged their support. A director or member of staff is the initial contact for each committee.

Kind regards,

The PBC Team

George, Kurt, Roberta, Kath, Miranda, Shane, Bob and Emma
